ABOUT US

Ever since its foray into the steel business, **Parth Steel & Engineering Co**, part of the leading Stainless-steel group - **The Shah Group** - **Providing the Complete Solution in Steel**, has established itself as a name to reckon with, in the steel industry. Over the years, through meticulous quality control and outstanding customer care, it has built a reputation for quality, reliability, and integrity.

Under the name of Parth Steel & Engg Co, Shah Group has opened a well-equipped state of art **Manufacturing of Bright Bar Process Plant at Wada, Palghar, Maharashtra**. We are a leading global manufacturer & exporter of the wide range of stainless steel 200, 300 & 400 series. We produce the best quality precision bright bars in various shapes viz, Round Bars, Wire Coil form, Hexagonal Bar, Square Bar, Rectangle Bar, Flat Bar & different customized profiles as per our client's requirements. Also being the stockiest of black bar raw materials we maintain a huge Inventory (Stocks) which will definitely support your planning for purchases and thereby reduce your inventories. We offer bright bars in centerless ground bars, export drawn polished bars, hairline polished bars, cold drawn bars & mirror finish with tolerance from h8, h9, h10, and h11.

We endeavor to carry forward the tradition of excellence providing consistently superior quality and improved products to our esteemed customers exceeding their expectations. Our company has moved forward with a relentless commitment to offer the finest quality products at the most competitive price to ensure complete customer satisfaction. With years of experience, a team of dedicated personnel, and a willingness to succeed, the company is determined to meet the never-ending demands of the customers.

Our Mission

“ *Value creation by means of best management practices, empowered workforce, and safeguarding quality in production & supply.* ”

Our Vision

“ *To attain a leadership position in the metal Industry through performance excellence by providing cost-effective Stainless-Steel products.* ”
